

## SORES AND ULCERS.

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the skin, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system. S. S. S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system all morbid, effete matter.

### A CONSTANT DRAIN UPON THE SYSTEM.

When this has been accomplished the discharge gradually ceases, and the sore of ulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition, even though your constitution has broken down, it will bring relief when nothing else can. It supplies the rich, pure blood necessary to heal the sore and nourish the debilitated, diseased body.

Mr. J. B. Talbot, Lock Box 24, Winona, Minn., says: "Six years ago my leg from the knee to the foot was one solid sore. Several physicians treated me and I made two trips to Hot Springs, but found no relief. I was induced to try S. S. S., and it made a complete cure. I have been a perfectly well man ever since."

**SSS** is the only purely vegetable blood purifier known—contains no poisonous minerals to ruin the digestion and add to, rather than relieve your sufferings. If your flesh does not heal readily when scratched, bruised or cut, your blood is in bad condition, and any ordinary sore is apt to become chronic.

### We Tip Our Hat.

TARRYTOWN, N. Y., Sept. 25, 1901.

To the Editor of the Ocala Banner:

I have just read with great pleasure in my Ocala Banner the beautiful and touching tribute you pay to our capable, honorable and assassinated president. I have not seen in our northern republican papers so beautiful and complete or more loving tribute, and while I have known you to be a staunch, true and solid democrat, your able paper has always been a consistent, clean sheet, and you have always boldly advocated pure and clean principles and government. And you would get in the first blow against the assassin or assailant of our flag or government, republican or democrat alike. I wish we had more such honorable editors.

Your republican friend,  
J. Y. BETTYS.

### It Happened in a Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr. D. R. Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what cough preparation I could recommend. I said to her that I could freely recommend, Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by Anti-Monopoly Drug Store.

### An Investigation, Not a Prosecution.

Mr. Raynor, of Schley's counsel, took occasion to call the attention of Judge Advocate Lemley to the fact that it was not a prosecution that he was conducting, but a court of inquiry, whose duty it was to protect and vindicate Admiral Schley, if the facts called for it. It was probably as well that Mr. Raynor made the point. To judge from the reports, it would seem the idea had got abroad in Washington that Schley was being prosecuted and the government would like to secure his conviction.—Savannah News.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

### Some Big Land Deals.

### Boers Attack British.

General Botha made a fierce all-day attack on the British garrison on the border of Zululand on September 16. The Boers were repulsed, but inflicted heavy loss to the British garrison, one officer and eleven men being killed, five officers and thirty-eight men being wounded and sixty-three missing, of which many are thought to be killed or wounded. The Boer commander, Opperman, and nineteen burghers were killed.

Mrs. T. Briddleman, of Parshallville, Mich., was troubled with salt reum for thirteen years and had tried a number of doctors without relief. After two applications of Banner Salve her hands became better and in a short time she was entirely cured. Beware of substitutes. Anti-Monopoly Drug Store.

### An Anchor to Windward.

The Jacksonville Metropolis is authority for the statement that the friends of Editor Frank Harris, of the Ocala Banner, are talking of him in connection with the gubernatorial succession. The state could go father and fare a great deal worse in the choice of a governor.—Starke Telegraph.

### Extracts From Mr. Bryan's Paper.

Some of the republicans seemed to imagine that the memorial services were intended for political speeches. Let us hope that these blind partisans will some day learn that the country is bigger than any party and that a president belongs to the whole country.

Patterson, N. J., has gained the unenviable reputation of being an ardent headquarters for the United States. Patterson is a republican congressman district in a state whose governor is a republican. These facts are mentioned for the benefit of a few republican organs which have seemingly allowed their partnership to run mad.

The St. Louis Globe-Democrat, Kansas City Journal, New York Tribune and Chicago Inter-Ocean—to say nothing of minor journals of their class—insist that opposition to republican politics and criticism of republican officials is anarchy. That many partisans hold the same views is not a compliment to American intelligence.

Free speech and free press are essential to free government. No man in public life can object to the publication of the truth and no man in public life is permanently injured by the publication of a lie. That much is published that should not be is only too evident, but let public opinion correct the evil; that will be more effective than law and will bring no danger with it. If a paper abuses a political opponent stop your subscription and teach the editor to conduct his paper on respectable lines. There is a sense of justice in the human heart and he who violates it, violates it at his own peril. This sense of justice ultimately turns abuse to the benefit of the man abused. The present laws against slander and libel are sufficient; leave the rest to a healthy public sentiment—and then help to create the sentiment.
